Slash RTC

Company Profile

About us

Incorporated in 2016 by industry veterans. SlashRTC swiftly emerged as one of the fastest-growing companies in the realm of unified communication by seamlessly blending conversational AI into its unified communication solutions.

With years of knowledge in the unified communications industry, we have established ourselves as a leading provider of cutting-edge communication solutions that empower organizations to connect seamlessly with their customer and prospects.

At SlashRTC, we are committed to revolutionizing the way businesses communicate and collaborate.

Since its inception, SlashRTC has been a front-runner in innovations keeping the customer experience in mind, simplifying interactions, and overcoming business challenges. Over the years, our services and solutions have been adopted by organizations of all segments and verticals.

Our Vision

To become one of the leading conversational AI company in the world. Over the years we have grown from a small group of experts to an organisation of over 75+ employees and a customer base of over 100k that benefit from a custom created conversational AI platform.

Our Mission

We want to deliver a delightful experience for businesses interacting with their customers and become one of the top conversational AI and unified communication companies in the world.

The Legacy

Since inception in 2016 we have rapidly expanded our capabilities by valuing our customers and leveraging the passion of people working with us.
